ABOUT ME

I am a Maritime Sustainability Researcher at ISSNOVA, holding a Master's degree in Navigation Sciences and Technologies. My specialization lies in Navigation and Surveying, focusing on "Maritime Autonomous Surface Ships (MASS) and adaptive routing navigation: a case study".

Throughout my academic career, I acquired advanced skills in GNSS data processing, remote sensing image processing, inertial navigation and sensor fusion.

I also did the Advanced Training course in Environmental Manager, which provided me with knowledge and skills in the management of environmental regulations and allowed me to focus on systems to increase the environmental performance of navigation.

I have actively contributed to various European projects in the maritime sector such as TRUSTEE, AENEAS, FLEXSHIP, UNDERSEC and OVERHEAT.

WORK EXPERIENCE

 **ISSNOVA - INSTITUTE FOR SUSTAINABLE SOCIETY AND INNOVATION** – NAPLES, ITALY

MARITIME SUSTAINABILITY RESEARCHER – 09/2023 – CURRENT

I had the opportunity to participate in European projects such as:

- AENEAS - GA 101095902
- FLEXSHIP - GA 101095863
- OVERHEAT - GA 101076633
- UNDERSEC - GA 101121288
- TRUSTEE - GA 101192328

These projects have contributed to the development of key competencies in the following areas:

- Project management;
- Vessel electrification;
- Maritime personnel skills and training needs;
- Sustainability targets and compliance;
- Alternative fuels;
- Maritime safety and security.

 **FONDAZIONE "VILLAGGIO DEI RAGAZZI"** – MADDALONI, ITALY

NAVIGATION SCIENCE AND TECHNOLOGY TEACHER – 09/2024 – 15/06/2025

 **ITTL "DUCA DEGLI ABRUZZI" OF NAPLES** – NAPLES, ITALY

NAUTICAL SCIENCE AND TECHNOLOGY TEACHER – 15/12/2023 – 13/03/2024

During my experience as a lecturer in navigation within a logistics program, I focused on the following topics:

- Port loading and unloading operations;
- Warehouse and logistics management systems;
- International Organization for Standardization (ISO) standards;
- Workplace safety.

 **PARTHENOPE UNIVERSITY OF NAPLES** – NAPLES, ITALY

Address Via Ammiraglio Ferdinando Acton, 80, Naples, Italy

Teacher of integrative didactic activities for the teaching of Geodesy and Navigation of the Bachelor Degree in Nautical, Aeronautical and *Meteo-Oceanographic* Sciences.

 **ITTL "DUCA DEGLI ABRUZZI" OF NAPLES** – NAPLES, ITALY

Address Via di Pozzuoli, 5, Naples, Italy

NAUTICAL SCIENCE AND TECHNOLOGY TEACHER – 10/03/2022 – 15/04/2022

 **PARTHENOPE UNIVERSITY OF NAPLES** – NAPLES, ITALY

Address Via Ammiraglio Ferdinando Acton, 80, Naples, Italy

ORIENTATION OFFICE OPERATOR – 03/2020 – 24/10/2021

Presentation of the educational offer of the university and activities of assistance and reception of students.

 **GNV** – ITALY

SCHOOL INTERNSHIP – 03/2018 – 03/2018

deck cadet

EDUCATION AND TRAINING

09/2021 – 18/04/2024 Naples, Italy

MASTER'S DEGREE IN NAVIGATION SCIENCE AND TECHNOLOGY Parthenope University of Naples

The degree course therefore focuses on topics in naval engineering (ING-IND/01) and the study of cartography, positioning systems and navigation systems (ICAR/06).

Address Via Ammiraglio Ferdinando Acton, 80, Naples, Italy | **Field of study** Environmental sciences , Earth sciences | **Final grade** Cum Laude |

Thesis Maritime Autonomous Surface Ships (MASS) and adaptive routing navigation: a case study

10/01/2023 – 24/02/2023 Naples (NA), Italy

ADVANCED TRAINING COURSE IN ENVIRONMENTAL MANAGER Parthenope University of Naples

Address Via Ammiraglio Ferdinando Acton, 80, Naples (NA), Italy

2021 – 2022 Naples, Italy

FIT 24 CFU Parthenope University of Naples

Address Via Ammiraglio Ferdinando Acton, 80, Naples, Italy

09/2018 – 25/10/2021 Naples, Italy

BACHELOR DEGREE IN NAUTICAL, AERONAUTICAL AND METEO-OCEANOGRAPHIC SCIENCES Parthenope University of Naples

Address Via Ammiraglio Ferdinando Acton, 80, 80133, Naples, Italy | **Final grade** Cum Laude

09/2013 – 07/2018 Naples, Italy

HIGH SCHOOL DIPLOMA ITTL "Duca degli Abruzzi"

Address Via di Pozzuoli, 5, 80124, Naples, Italy

LANGUAGE SKILLS

Mother tongue(s): **ITALIAN**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B2	B2	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

QGIS: basic level | Matlab/Simulink | Microsoft Office (Outlook, Excel, Word, PowerPoint) | SAP - basis

CONFERENCES AND SEMINARS

18/06/2025 – 20/06/2025 Messina

The 21st International Conference on Ships and Maritime Research

During the conference, I had the opportunity to present my first paper as main author, titled "Bridging the Skills Gap in Maritime Training: Preparing the Workforce for Vessel Electrification." This paper allowed me to discuss the crucial topic of maritime training necessary for the electrification of shipping, a subject explored through the [FLEXSHIP](#) project.

Link <https://indico.atenanazionale.org/event/9/>

24/07/2024 – 27/07/2024 Nice

15th International Conference on Applied Human Factors and Ergonomics (AHFE 2024)

DRIVING LICENCE

Driving Licence: B

PROJECTS

01/02/2023 – 31/01/2026

AENEAS

Funded under HORIZON-CL5-2022-D5-01-02 GA 101095902 AENEAS - Innovative energy storage systems on-board vessels aims to contribute towards climate-neutral and environmental friendly water transport through three new next generation clean energy storage solutions, enabling partial or full electric shipping, taking into account conditions specific ships might encounter. A range of applications and end uses in short-sea shipping and in-land waterway will be evaluated at TRL 5.

Link <https://www.project-aeneas.eu/>

01/01/2023 – 31/12/2026

FLEXSHIP

Funded under HORIZON-CL5-2022-D5-01-01 GA 101095863

FLEXSHIP aims to deliver a digital green concept for electrification of vessels consisting of a Green Digital Twin for designing fit-for-purpose vessel electrical grid architectures and integrating a compact, low-weight, modular and simple, high-efficiency battery system for demonstration in two existing vessel. The project ensures and provides guidance for safe integration and system interoperability. The project targets TRL7

Link <https://cordis.europa.eu/project/id/101095863>

01/10/2023 – 30/09/2026

UNDERSEC

Funded under HORIZON-CL3-2022-BM-01-01 GA 101121288 (starting Oct. 2023) UNDERSEC - Underwater Security project aims to develop an integrated Prototype System, consisting of multimodal sensors and robotic assets, for ships', ports' and maritime infrastructures' Underwater Security Situational Awareness and Decision-Making Support, with relevant Response capabilities. Single components and whole system prototype are tested in real-life scenarios, to validate innovative solutions and processes.

Link <https://cordis.europa.eu/project/id/101121288>

01/01/2024 – 31/12/2026

OVERHEAT

Funded by HORIZON-CL5-2022-D6-01 GA 101076633, OVERHEAT INNOVATIVE STRATEGIES FOR CONTAINERSHIP FIRES PREVENTION AND MANAGEMENT prepares a truly new generation of digital fire management solutions: complete, seamless, real time and in line with IMO regulations integrated in the vessel IT infrastructure. The proposed solution will be evaluated by performing validation activities in simulated environment and in real environment, with use cases designed to prove the feasibility and benefits.

Link <https://cordis.europa.eu/project/id/101076633>

01/02/2025 – 31/01/2028

TRUSTEE

Funded under HORIZON-CL5-2024-D5-01 GA 101192328, fuTure pRoof efficient and sUSTainable dEployment of zEwt project aims at providing ZEWT decision makers and indirect stakeholders at policy, investment, industry, technology and operational level with a comprehensive and reasoned set of knowledge and recommendations built on an evidence based approach, founded on:

1. clarity and comprehensiveness of foresight scenarios in 2030 and 2050 in which ZEWT will be deployed,
2. a comparative multidimensional assessment framework incorporating environmental, social, technological, financial and operational aspects, including safety and security aspects for workforce and citizens,
3. a robust validation roadmap with an equitable representation and confrontation of direct and indirect stakeholders.

CERTIFICATION

02/09/2024 – 06/09/2024
Artificial Intelligence in Managing Aviation Traffic Flow Shaping the Future of Air Mobility Summer School

Attendance to the 2024 Summer School promoted by ASDA, Fondazione Institute For Sustainable Society and Innovation and University of Naples Parthenope

26/05/2023 – 20/07/2023
Certificate of participation in the project I.S.A.B.E.L.L.A. - Io Sono Acqua Building Environment LLAB - CUP B69J19000570007

Challenge Acceleration of innovative start-ups on the theme of the Blue Economy of the project "I.S.A.B.E.L.L.A."

09/2022 – 12/2022
Certificate of participation in the course "SAP MM/FI"

Training course for volunteers of the XXX Summer Universiade 2019 in Naples

06/2019 – 07/2019
Training Certificate
